Primare Prisma 15 Series
Chromecast built-in Quick Start Guide

PRISMA

PRIMARE

The instructions below will allow you to quickly and easily connect your Primare Prisma 15 Series product to your network and mobile device in order to cast from hundreds of music streaming services with Chromecast built-In.
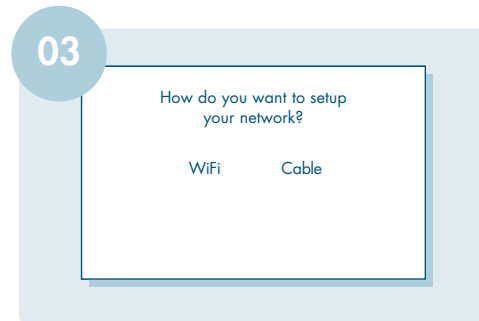

Prisma product network name (SSID):
Chromecast built-in serial number:

01

Install your Primare Prisma product in your system following the instructions in the user guide, and turn your system on to begin the setup process.

02

Settings   Wi-Fi

WiFi

✔ Your WiFi Network

CHOOSE A NETWORK

DefaultWiFi

ScandiWiFi09

Enable Bluetooth and WiFi on your mobile device. Connect the mobile device to the network you want the Prisma device to use.

03

How do you want to setup your network?

WiFi   Cable

The first time you start up a 15 Series Prisma product you will be prompted on the front display to select either WiFi or Cable connection.

04

Welcome home

Device setup

**1 device found**
Primare I35C2A402 is ready for set up

SET UP

Download and open the Google Home app on your mobile device. On the app's home page you will see a **Device setup** field for any Prisma products to be setup.

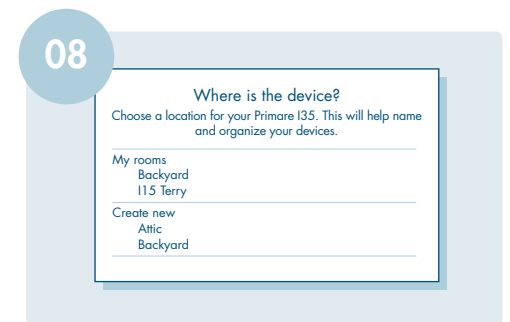

05

Connecting to Primare I35...
Your phone or tablet may disconnect from Wi-Fi during setup

Select the Prisma product you want to configure by pressing **Set Up**.

06

Primare I35 found
Would you like to set up this device?

The Google Home app will automatically connect your mobile device to your Primare Prisma Product.

07

Did you hear the sound?
This lets you know you're connected to the right Primare I35

Once connected you will hear a test tone and see the graphic above on your mobile device.

08

Where is the device?
Choose a location for your Primare I35. This will help name and organize your devices.
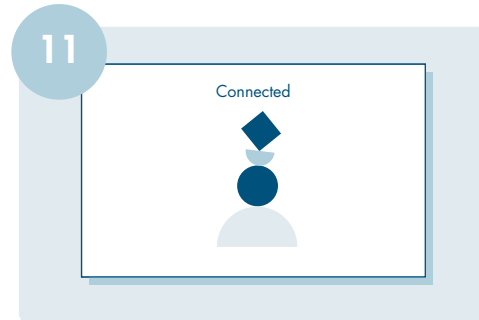

My rooms
Backyard
I15 Terry

Create new
Attic
Backyard

You then choose a location or name for the device by either selecting a room name or by using the "adding a custom room" function at the bottom of the page.
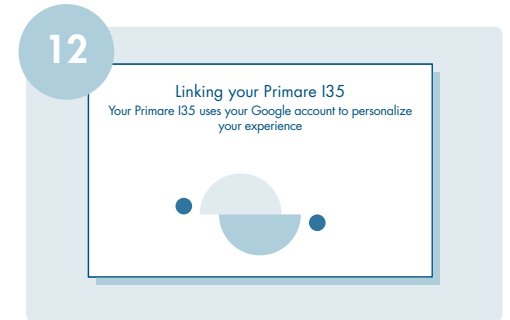

09

Connecting to Wi-Fi
Choose the Wi-Fi network you would like to use with your Primare I35

- Testnet2,4
- **Testnet5**
- Telia5GHz-2612BD
- dlink-2814-5Ghz
- Other Wi-Fi network…

WiFi connection only – Select the WiFi network you wish to connect to and push connect.

10

Connecting to Wi-Fi
Primare I35 is now connecting to Testnet5

WiFi connection only – It will take some time to connect to your chosen WiFi network. During this time an animated graphic will be in motion, indicating that the process is underway.

11

Connected

Once you are connected to the WiFi network, the graphic will assemble into a stable image.

12

Linking your Primare I35
Your Primare I35 uses your Google account to personalize your experience

At this stage you will have the opportunity to link your Primare Prisma product to your Google account, should you have one, to personalize your experience.

13

Almost done! – Review what you have done so far. And upon pressing next at the bottom of the screen you should see that your device is setup and ready.

14

The next steps will provide you with a tutorial to show you how to use Chromecast or you can press "Skip tutorial" to begin casting.

15

Chromecast
Cast Button

Select a music streaming app or a song from your mobile device, and press the Chromecast icon to start streaming.
